IV. Agenda Item

(a) Discussion on Community Advisory Board to form a Community Services District

Melissa Frank – have had some preliminary conversations with the county and Lafco, said to talk to existing public agencies, they mainly want to cover parks and recreation and other services that are currently not being provided. Feasibility analysis looking into those additional services that can be offered at a cost that is affordable to the community, would want to access more grants and funding for additional improvements. Manuel Cantu– we are getting to conduct a feasibility study to start the process of becoming a CSD. We will be holding town meetings to discuss what we plan to do, and CAB will be happy to have more stakeholders attend.

V. Meeting adjourned at 5:29PM.

Respectfully submitted by,
